What else is new and noteworthy this year?

- **Ag Innovation Hubs:** Don't miss the expanding Innovation Hubs located on the Ballroom level of the Convention Center and the lower level of Wells Fargo Arena. Both Hubs showcase the latest and most revolutionary ag technology in the industry. The Iowa Ag Expo continues to support advancing agricultural innovation and empowering ag producers with the best state-of-the-art solutions.
- **Ag Talks:** Attendees will also be able to dive deeper into specific topics of interest with a series of 28 educational sessions called Ag Talks. The speaker sessions will take place in Rooms 301

and 311 in the Convention Center. Ag Talks presentations are included with admission to the Iowa Ag Expo.

- **Career Exploration Event:** The Iowa Ag Expo will host its fourth annual Career Exploration Event for middle and high school students during the show. Approximately 470+ students will attend the event to learn about career opportunities available to them in the agriculture industry.

The Iowa Ag Expo began in 1910 when it was known as the Iowa Power Farming Show. In 2020, the show was renamed to better reflect the evolution of agriculture and the ag show space. At one time, only ag equipment companies were allowed to exhibit at the Iowa Ag Expo. Now, the show includes the expansion of all ag-related products. Owned and managed by the Iowa-Nebraska Equipment Dealers Association (INEDA), the Iowa Ag Expo's name change also reflects the show's commitment to providing the best attendee and exhibitor experience possible.
